

Service List:

Expression of scFv (1 liter)
Validation of V genes from hybridoma
Hybridoma IgG production and purification
Expression of scFv (10 liter)
Affinity Maturation Part 1. Antigen Preparation and Evaluation
Affinity Maturation Strategy 1. Random mutation (error-prone PCR)
Affinity Maturation Strategy 2. VL shuffling
Affinity Maturation Strategy 3. 4 CDR-mutation
Affinity Maturation Strategy 4. CDR-L3
De novo mAb Selection (single strategy)
IgG production
Isolation of V genes from hybridoma
Assembly of V genes from hybridoma
Isolation of V genes from hybridoma
Assembly of V genes from hybridoma
Validation of V genes from hybridoma
Hybridoma IgG production and purification
Expression of scFv (1 liter)
Expression of scFv (10 liter)
Affinity Maturation Part 1. Antigen Preparation and Evaluation
Affinity Maturation Strategy 1. Random mutation (error-prone PCR)
Affinity Maturation Strategy 2. VL shuffling
Affinity Maturation Strategy 3. 4 CDR-mutation
Affinity Maturation Strategy 4. CDR-L3
De novo mAb Selection (single strategy)
IgG production
Cell surface affinity measurement
Affinity by KinExA - Step 1 Initial Test
Affinity by KinExA - Step 2 Full measurement
Cell surface affinity measurement
