Getting Started in iLab

- **All new users need to register for an account**
  - Wayne State users, please sign up by clicking HERE.
    - All users will register by selecting their PI. Your PI or lab manager will need to accept you into the lab and assign you an Index Number before you can request a service from the AGTC facility
  - External users to Wayne State, please sign up HERE.
    - External users *must* have a PO number on file with the core prior to making requests. Please e-mail a scanned copy of your PO to Mary Richardson at eb6350@wayne.edu

- **Login to AGTC**
  - Click HERE to login. Click on the *Select all cores* link on the left panel once logged in.
  - External users will login with their iLab credentials by clicking HERE. Click on the *Select all cores* link on the left panel once logged in. Look under Wayne State.
    - For any external user that needs a new password from iLab, please click HERE.

- **Customer Manuals**
  - For assistance with requesting services, please click on the Customer Manual link.
  - For assistance with managing lab members' service requests and assigning Index Numbers, click on the Lab Manual.
- **External Customer Manuals**
  - For assistance with requesting services, please click on the Customer Manual link.
  - For assistance with managing labs in iLab, please click on the Lab Manual link.
